Declaración UE de conformidad para

Directiva sobre equipos de radio 2014/53/UE

Nosotros,
Shenzhen Huaptec Co., Ltd.

Por la presente declara que:

1. Los requisitos esenciales establecidos en la Directiva de equipos de radio 2014/53/UE se han cumplido en su totalidad en nuestro producto, como se indica a continuación:

Nombre del producto: amplificador de señal móvil

Modelo/Marca: C27G-5S-EU/Huaptec

Para la investigación del cumplimiento se han aplicado las siguientes normas:

ETSI EN 301 489-1 V2.1.1 (2017-02)

ETSI EN 301 489-50 V2.1.1 (2017-02)

ETSI EN 303 609 V12.5.1 (2016-04)

ETSI EN 301 908-1 V11.1.1 (2016-07)

ETSI EN 301 908-11 V11.1.2 (2017-01)

ETSI EN 301 908-15 V11.1.1 (2016-05)

EN 50385:2002

EN 60950-1: 2006+A11: 2009+A1: 2010+A12: 2011+A2: 2013

2. Los productos del modelo anterior se han exportado para su uso en Alemania y otros países de la UE.

Estados miembros sin violar las condiciones de uso del espectro radioeléctrico vigentes; los usuarios deben seguir los principios establecidos en nuestro manual de usuario página 3 denominado "Advertencias de seguridad" y nuestro paquete.

Safety Warnings

-  You should follow system requirements of mobile signal enhancement equipment, assure good grounding and lightning protection.
-  Booster's power supply voltage should meet the standards of security requirements; any operation should be carried out only after cutting off the booster power in advance. Only the professionals are authorized for the operation.
-  Do not dismantle the booster, maintain or displace accessories by yourself. This way the equipment can be damaged and you can even get an electric shock.
-  Do not open the booster, touch the module of the booster, or open the cover of the module to touch the electronic component. The components will be damaged due to static electricity.
-  Keep away from heating equipment, because the booster will dissipate heat during working. And do not cover booster with anything that influences heat-dissipation.
-  The device has a plug connection, the socket must be close to the device and accessible.
-  During the transportation and storage process the device should be protected against humidity, violent impact and strong vibration.

3. All above model products have certificated with the **EU-TYPE EXAMINATION (MODULE B) CERTIFICATE** and the Certificate No. is **19-211647a**

EU-TYPE EXAMINATION (MODULE B) CERTIFICATE

Radio Equipment Directive (RED) 2014/53/EU

PHOENIX TESTLAB
Notified Body Number **0700**

BNetzA-bS-02/51-55

This is to certify that:
PHOENIX TESTLAB did undertake the relevant type examination procedures for the radio equipment identified below which was found to be in compliance with the essential requirements of Radio Equipment Directive (RED) 2014/53/EU subject to any conditions in the annex attached hereto.

Certificate No. 19-211647a

4. The software version is **C27G-5S-EU-BTW-V04** which has been stated on the 2nd page of the certification as below:

Software Version C27G-5S-EU-BTW-V04

5. And apply notified body assessment:

Notified Body number 0700
PHOENIX TESTLAB GmbH
Königswinkel 10
D-32825 Blomberg
